

Life of the Clinical Trial

Where innovation meets experience to solve your technology risk management needs. Working with OneBeacon Technology Insurance™ means you can rely on an exceptionally responsive team that is highly knowledgeable about the dynamic medical technology and life science industry. We don't just know tech, we're passionate about it and those who share our focus. And because of our flat organization, you will always reach an empowered decision-maker who can promptly solve your risk management needs.

OneBeacon Technology Insurance uniquely provides clinical trial sponsors in North America with a "Life of the Clinical Trial" product* that extends coverages through the duration of each protocol period. This innovative approach will enable clinical trial insureds to seamlessly obtain coverage for the complete protocol period, instead of through sequential 12-month policies.

Let us worry about the risk so you can focus on the success of your trial. Scientific innovation requires unwavering focus on the challenge at hand. We understand that being seamlessly covered for each protocol, regardless of the duration, removes a distraction from your project. Our product is designed to align protection to your time frame, instead of the traditional 12-month insurance policy term.

Specialized Protection and Services for North American Clinical Trials

- Nonadmitted clinical trial coverage to provide continuous coverage during the life of the protocol eliminating the annual renewal process.
- Global coverage will allow the most limits available with minimal aggregation concerns.
- Option to purchase an extended reporting period (ERP) up to a maximum of five years prior to inception of coverage, discounted by a maximum 25% reduction off the ERP factors. Otherwise, traditional ERP factors apply if purchased after policy inception.
- Protocol extension endorsement available to allow the policy to be extended should the protocol completion date change.
- Provides separate limits of liability therefore eliminating erosion concerns with your sold products policy.
- 10% minimum earned premium.
- Exceptional document issuance and turnaround time.

Coverage includes:

- Pure claims-made coverage
- Products used in human clinical trials
- Warranties or representations
- Failure to provide directions, instructions or warnings
- Products loaned or rented to others
- Clear related claims language to ensure continuity of coverage

Who is insured includes:

- Human clinical trials contractors
- Scientific advisory boards
- Automatic additional insured status when required by written contract or agreement
- Broadened Who Is An Insured provision
