

Risk Control Services

Where innovation meets experience to solve your technology risk management needs. Working with OneBeacon Technology Insurance™ means you can rely on an exceptionally responsive team that is highly knowledgeable about the dynamic technology industry. We don't just know tech, we're passionate about it and those who share our focus. And because of our flat organization, you will always reach an empowered decision-maker who can promptly solve your risk management needs.

Our risk management services are built to deliver high-quality solutions to help safeguard against risks that threaten your business success. And our flexible, innovative risk control services identify loss mitigation strategies for existing—and emerging—issues and technologies.

- Fire protection system plan review

Safety Promotes Profitability

Achieving growth and profitability in today's competitive environment requires much more than the right product or service. You must also operate efficiently, and that means operating safely. Injuries to your employees or to the public, including vehicular accidents, product-related damages, fires and other losses can result in immediate expenses potentially affecting your bottom line. But you may

also incur hidden costs in the form of lost productivity, reputational risk and missed market opportunities.

Why OneBeacon Technology? Expertise. Personalized. Responsive.

Our technology risk control specialists are dedicated to serving the telecommunications, information technology, medical technology and electronics manufacturing industries. Our areas of expertise include—but are not limited to—worker safety, fleet accident prevention, product liability assessments, ergonomic workstation evaluations, fire prevention, assistance with business continuity planning and other loss control topics.

OneBeacon Technology Insurance

is a brand of OneBeacon Insurance Group, Ltd., that delivers all-lines underwriting solutions for the technology, life science and medical technology, and telecommunications industries. The specific capabilities offered include risk control, claims and third-party vendor solutions. Products span property, casualty, cyber, E&O, international and products liability. Our dedicated team of insurance professionals delivers custom solutions as needed to each of our customers.

OneBeacon Insurance Group, Ltd.

("OneBeacon") is a subsidiary of Intact Financial Corporation (TSX: IFC). OneBeacon's underwriting companies offer a range of specialty insurance products sold through independent agencies, regional and national brokers, wholesalers and managing general agencies. Each business is managed by an experienced team of specialty insurance professionals focused on a specific customer group or industry segment, and providing distinct products and tailored coverages and services. OneBeacon's solutions target group accident and health; commercial surety; entertainment; environmental; excess property; financial institutions; financial services; healthcare; management liability; ocean and inland marine; public entities; technology; and tuition refund.

Customized Risk Solutions

We're here to help you compete successfully by making your operations safer. Our team of risk control specialists also provides customized analysis of the unique risks affecting your organization. We start with an effective service plan that includes a detailed analysis of your personnel, materials, equipment, technology and culture of safety. As you implement the plan, your local OneBeacon Technology risk control service team will check-in periodically for joint progress evaluations and to offer insight on any necessary adjustments to the plan.

Service When You Need It Most

Your dedicated OneBeacon account coordinator can develop and monitor an appropriate service plan while facilitating risk control services for your company. Empowered to make decisions locally, your account coordinator is your go-to person for all of your OneBeacon risk control services.

Our service approach can also offer a documented annual report including:

- Risk control services provided
- Progress on our agreed-upon goals and objectives
- Status of our recommendations
- Loss analysis from a loss-prevention perspective
- Future service effort proposals
